

# 5y Motiva Program™

## Extended Warranty Program

All of our implants are covered by the **Always Confident Warranty®** against rupture, for the lifetime of the device, and by our Product Replacement Policy in the event of capsular contracture Baker grades III and IV, for a period of 10 years.

For Motiva Implants™ with Q Inside Safety Technology™, with our **5Y Motiva Program™**, in addition to the replacement product you may also receive up to €2,500 of financial assistance for each affected Implant, applicable to the cost of the revision surgery in the case of a warranty claim for rupture or capsular contracture grades III and IV.\*

Patients must register their Motiva Implants through our website or through the Motiva App to get free coverage for the first year.

To extend the coverage described through the **5Y Motiva Program™**, during the first 90 days after the initial breast surgery patients may choose additional warranty coverage for a total of 5 years at a cost of €200.

Enrollment is easy. Take advantage today of the most advanced breast implant extended warranty program for Motiva Implants™ available in the market worldwide!

*\*Establishment Labs is covered by a Product Liability Insurance issued by the American insurance company CNA, rated A.M. Best: A (Excellent); Standard & Poor's: A (Strong).*
